Lynn Merritt, 1564 SW Seagull Way, Palm City, FL 34990 772 486-3364
flm3322@gmail.com

Circle briefly describe programs. Include the topic, presenter and evaluation. In October our program was a meet and greet and a review of the Garden Club yearbook as well as our circle yearbook. We toured Rock City Gardens in Sebastian, had a Christmas party and donation to LAHIA, we toured Martha Coffin's butterfly garden, saw the Jupiter Island Garden Club's flower show. We will have an exhibition on Ikebana, ride on the Schooner Lily, and a luncheon at Kyle G's

List any special projects in which your Circle participated during the past month We maintained our garden at High Point Median. And we have made good progress on the Butterfly Garden at the Sewall's Point Park. We also gave \$500 to Safe Space, \$254 to Family Promise of Martin County, \$250 to LAHIA. We had two workshops, one about floral arrangements for the Holidays, and one on using succulents in dish gardens. Our members volunteer at many charitable organizations in the community that help get people return to being productive members of society. All of our members enjoy protecting our beautiful environment, and beautifying where we can.

We plan to continue to maintain our gardens at High Point and at the Sewall's Point Park, as well as return to maintaining our garden at Possum Long since the destruction is now complete.

Comments or suggestions: All members have remained healthy despite some having contracted the Covid, but survived and re-gained their health.

Respectfully submitted,

Mary Jane DuCoin, President of Satin Leaf
