Hibiscus Circle report

The circle met monthly for an informal lunch at various restaurants. We also continued our Hospice Butterfly Garden workdays on the second Saturday of each month, We planted, weeded, deadheaded, and kept the garden in good condition.

A member placed an arrangement in the Hobe Sound Library to designate National Garden Week.

One member has moved to North Carolina but continues to be a member of the garden club and circle.

Two changes were made to the committee chairs, but the officers remain the same. Jeanne Marie Parkes was granted honorary membership.
