Garden Club of Stuart Ways & Means Report

Happy Halloween!!

The Garden club's first general meeting of the season was held October 9, 2023 with a lovely fall theme. Allamanda circle hosted the meeting and did a terrific job bringing in many items to sell at the ways & means table. The plants were beautiful and first to go. Other items on the tables were interesting and we were busy with lookers and buyers. Ways & Means made \$ 148.66 for the club that day.

Thank you to our members for donating saleable items and to those that purchased those treasures.
