

Hibiscus Circle Annual Report - 2022

We have had a busy and fruitful year. Our programs were interesting and well attended by our members.

We began the year with 23 members. One honorary and one associate. Sadly, one of our members died. One more became honorary. However, we inducted three new members giving us 25 members, including two honorary and one associate.

The circle completed last year's project of restoration of the Garden Prayer sign Possum Long.

This year's project is the maintenance and nurturing of the Hospice butterfly garden. Each second Saturday of the month, members go (on a rotating basis) with shovels, hoes and clippers. Amazing what a few ladies can get accomplished.

Donations to the Boys and Girls Club in honor of Cyndy Trossbach, Camp Wekiva and Salvation Army were made as a result of our auction and membership fees.

All in all, it was a productive year.

Marty Neal
