

# Memory Lane Report

(April, 2025)

- ❖ Name plaques for departed members, Sally Crabtree, Sylvia Hogan and Jane Friend were installed on the large display board along at Memory Lane.
- ❖ The recently acquired new large display board has been installed adjacent to the three existing boards, but on the north side of the water pump enclosure.
- ❖ Additional native plantings have been added specifically in the native plant garden section surrounding the Memory Lane plaque and cairn.
- ❖ At present there is only one picnic table in the clearing where the Possum Long house stood and plans for that area are still not known.
- ❖ Audubon volunteers continue their efforts to remove invasive and exotic plants from the property.
