### Garden Club of Stuart Ways & Means Report

The Garden Club held its January meeting on January 8, 2024 hosted by Hibiscus Circle. New Year decorations were on the tables creating a festive vibe.

The Ways & Means table was busy and had many lovely plants and items for sale. We brought in a total of \$62.85 which isn't a big number compared to the enthusiasm at the tables. Perhaps we need different flowering plants for sale versus the hardy and numerous bromeliads. They are beautiful but for some reason overlooked by many members. We all like variety so please consider bringing in other plants that you would like to purchase.

The Jacaranda Circle and assigned members at large are hosting February's meeting so please visit the tables and see what is for sale.

Thank you.
