Garden Club of Stuart Ways & Means Report
October 27, 2026

The first meeting of the 2026-2027 year was held October 12,2026 with an exciting feeling to be back together, socializing with friends we may not have seen all summer. Tabebuia Circle hosted the meeting, decorating the room in a fall and Halloween theme which looked very pretty. The Ways & Means tables were arranged mid-room on the side and gave a better view and space for our members to browse and buy. We had a great assortment of items for sale and made $200.00 for the operating budget.
Jacaranda Circle will be hosting the November meeting.
Please spread the word that Ways & Means need donations for every meeting. Plants, vases, jewelry and seasonal items are all things we love to look at and purchase. We depend on you to bring something in so that we can contribute to the operating expenses of our garden club.
Thank You,

Sincerely,
Pat Dermody
Ways & Means Chair
