

FIELD TRIP

RIVER LILLY JUNGLE ECO CRUISE North Fork of the St. Lucie River Aquatic Preserve

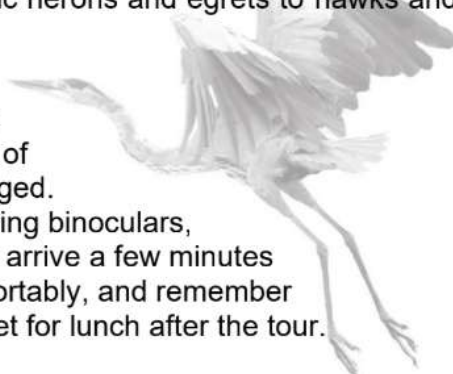

**Friday, February 27, 2026 – 11:00am departure from
River Park Marina, 500 Prima Vista Boulevard, Port St. Lucie
\$30 per person, limited to 32 people**

Nestled in the heart of Florida's lush environment, this eco-friendly river cruise is a hidden gem, providing us with an opportunity to explore the beauty of Florida's St. Lucie River while celebrating its rich biodiversity. As you embark on this hour-and-a-half-long adventure, you'll glide through narrow waterways flanked by dense mangroves, towering cypress trees draped in Spanish moss, and vibrant plant life. The cruise's operators pride themselves on their educational approach, sharing fascinating insights about the local ecosystem, history, flora and fauna. The waterways are teeming with life. Keep your eyes peeled for alligators, turtles, birds (from majestic herons and egrets to hawks and spoonbills) and manatees.

What to know, what to bring:

Parking and restrooms are available at the tour site. Once we have a list of participants, carpooling will be arranged.

To make the most of your journey bring binoculars, bottled water, and cameras. Plan to arrive a few minutes ahead of the 11am tour, dress comfortably, and remember your sunscreen and hat. We will meet for lunch after the tour.

**REGISTRATION DEADLINE: Monday, February 2, 2026
