

SEEK Mission: is to increase student environmental literacy through hands on and field based educational experiences. To inspire student interest and involvement in environmental conservation and protection; and to promote student development of environmental stewardship ethics as well as environmental career opportunities.

A conference for students entering 10th, 11th and 12th grades.

SEEK is an annual environmental conference for high school students sponsored by the Florida Federation of Garden Clubs. Each summer, 70 students from across the state attend the outstanding 4-day conference.

The SEEK Conference focuses on today's critical environmental issues:

- Climate change, energy conservation, alternative energy, and sustainability
- Water quality and quantity (water pollution and water conservation)
- Loss of wildlife habitat due to deforestation and development
