

Publicity Report for Board Meeting December 1, 2025

In the December issue of Stroll Sewall's Point we placed an article on the International Coastal Cleanup with pictures stating that The Garden Club of Stuart, Inc., participated at Bathtub Beach and Stuart Beach on September 20, 2025 (Picture attached). Also included in the article was information about the Garden Club informing them of our purpose and back ground with an invitation to join our wonderful group of ladies.

Also on November 11th The Garden Club of Stuart, Inc. participated in the Veteran's Day Parade starting on East Ocean Boulevard at Amerigo Avenue and ending at Memorial Park. While we were walking, we were handing out flags and Bookmarks with information about the club with flower seeds stapled to it. Hopefully we'll get some interested people to come to one of our meetings.

Respectfully submitted,

Ali Hooker
