

GCS Board Meeting March 6th, 2023

1st Vice President's Report

- On February 20th a combined total of almost fifty club members and guests from the Jensen Beach Garden Club and the Garden Club of Stuart boarded the luxury coach and visited Butterfly World at Coconut Creek in Broward County. Not only were the butterflies amazing, but the return trip included snacks, games and prizes where a lot of fun took place.
- For the next GCS general meeting program we will have accomplished Palm Beach Gardens Master Gardener and public speaker Brian Forcheimer talk to us about Florida friendly and native plants suitable for our gardens. He will also be available to answer questions about any of our troubled or sickly plants. Members are encouraged to bring samples or photos for Brian to evaluate.

Rosita Aristoff

1st Vice President
