GARDEN CLUB OF STUART WAYS & MEANS REPORT

Ways & Means collected \$ 282.00 at our February 13 meeting.

The Periwinkle Circle and their assigned members at large did an outstanding job selling beautiful plants, books and many things our members had to have!! There was plenty of variety making the tables at the Ways & Means extremely busy. I think our members are very generous purchasing items for sale at the tables set up for Ways & Means. It was the second best month.

Allamanda Circle will be hosting March meeting and an email will be sent to their president to please ask circle members to bring in plants and other garden related items to sell.

The items that are not sold at the meeting are taken back by those who brought them in. At the February meeting there were many items left and we thought it a good idea to offer them to the next circle hosting the meeting. Allamanda (we thought) agreed to take the items & hold them for the March meeting but at the end of the meeting no one from Allamanda was there to take the items.

Periwinkle took their items back and possibly will bring them back in March or donate to a local thrift shop.
