

GCS Ways & Means Report—November 2022  
Submitted by Pat Dermody, Chairman

Ways & Means had a table at the October general meeting with an assortment of garden related items and plants for sale. The sales were \$214 and many of the items brought in were from the hosting circle, Satin Leaf & those members at large assigned to the meeting.

There seems to be an interest in the garden club logo shirts for our new members and one of our members is willing to make a signup sheet for the meetings and take orders for the shirts. They will be \$30 per shirt prepaid with order.
