

BOTANICAL BEAUTY! – PORT ST. LUCIE BOTANICAL GARDENS

Thursday, November 10, 2022 – Port St. Lucie

Originally part of a local fish camp along the St. Lucie River, the City of Port St. Lucie created an attractive collection of botanical gardens. Join us on a docent-guided stroll throughout many of the ten theme gardens within this amazing 20-acre property. Afterwards, you can browse the garden center nursery where interesting and unusual plants grown on site are available for purchase (and would meet the length of possession required for entry in our March 3-4 Flower Show), or you may continue to enjoy the rest of the gardens on your own.

We will meet at 10:50am at the Garden's Visitor Center located at 2410 SE Westmoreland Boulevard. There is no entrance fee, however a \$5 donation would be greatly appreciated. **Tour begins at 11:00am.**

REGISTRATION DEADLINE: Monday, Oct 31, 2022
